PROFESSIONAL PROFILE

I build web systems, integrations, automations, and infrastructure organization focused on making life easier for operators and end users. I work where development meets operations: dashboards, bots, auth, monitoring, and process improvements in production.

EXPERIENCE

Infrastructure & Senior Developer <i>Farmácias Estrela</i> - Building internal web systems, integrations, and automations for network operations. - Dashboards, bots, centralized authentication, monitoring, and IT tooling. - Infrastructure organization and process improvement focused on real day-to-day use.	Feb 2025 — Present
Analyst / User Support — Data Center <i>Unioeste</i> - Data center operations: system uptime, internal technical support, and security. - Networking, Active Directory, and institutional environment optimization. - Hands-on infrastructure foundation that supports current systems and automation work.	Nov 2023 — Feb 2025
UI Freelancer <i>Workana</i> - Figma prototyping and interfaces for client projects. - Practical UI/UX experience applied to digital products.	Sep 2022 — Aug 2023
Social Media <i>EletroLimp</i> Digital account management and regular content production.	Apr 2023 — Sep 2023

EDUCATION

Postgraduate — AI applied to business Centro Universitário Assis Gurgacz (FAG)	In progress
Software Engineering Centro Universitário Assis Gurgacz (FAG)	Completed
High School Colégio Eleodoro Ebano Pereira	Completed in 2019

TECHNICAL SKILLS

- Frontend: TypeScript, React, Vite, Next.js, Tailwind CSS, UI/UX, Figma
- Backend: Node.js, Python, REST APIs, JWT, SQL Server, PostgreSQL, MongoDB
- Infra: Windows Server, Active Directory, Linux, Docker, networking, PowerShell
- Automation & AI: custom bots, integrations, NL→SQL, knowledge structures for local LLMs

AWARDS & COMPETITIONS

- Hackathons through FAG — Show Rural Digital consecutive podiums (including 3rd place in 2024 and 2023 participation).**
- Robotics fairs through Eureka — FEBRACE 2021 credential.**

- Infomatrix 2020 — credential for Mexico fair; Infomatrix Guadalajara-Mexico 2021.
- 3rd place Fenecit 2020; FETEC-SP and Ciência Jovem participations (Eureka).
- Código Kid — 1 year 9 months in electronic device programming and Arduino.

COURSES & COMPLEMENTARY ACTIVITIES

- Electronic device programming — Código Kid (1 year 9 months)
- Robotics fairs and prototyping — Eureka
- Programming logic, IT and hardware — Harpa Informática
- English — New York School (since Feb/2023)
- Introduction to Computing — SEST SENAT (online); Finance management
